To whom it may concern,

It is with pleasure that I provide a testimony for Resolve Consultancy and Mr Ross Henson.

I was asked to develop a 10 year financial plan but was unable to find sufficient time to write a spreadsheet that would be powerful enough to incorporate all items necessary. Resolve Consultancy was recommended to me by another school and I spoke with Ross Henson to determine if their product was appropriate for my needs.

Ross was able to provide me with a sample of the spreadsheet for my consideration and assisted me with all questions in a very thorough and professional manner. The product was exceptionally well written and user friendly which were key requirements.

Once I had established that the product would meet my requirements, I sent Ross the necessary data to commence building the spreadsheet. It was then only a matter of two weeks before Ross was in Hobart and installing the product and completing the necessary training.

I have been extremely impressed with the reports produced and my Board of Directors are also delighted with the information distributed.

I highly recommend Resolve Consultancy and Mr Ross Henson for their professional and timely approach and look forward to working together in the future in other areas.
